CRESENT A. CO. TO PUT ON FAST BASKETBALL TEAM THIS SEASON

The Crescent A. C. basketball five which made such an enviable record throughout New England during the past few years has again organized and will give Norwich followers of the and will give Norwich followers of the game some fast basketball this winter. The team this year is under the guidance of Harry Mills who made a real record for himself in basketball circles during the past few years.

Mills is a thorough sportsman and all around athlete and under his management the team should have an-other big season. Mills who has broken all local records for basket caging will play center for the team and his whirlwind attack is to be feared by all teams. Working with Mills will be Joe Belair and Jim Murphy at the forward positions. The guard positions will be cared for by Denny Murphy and Jack Murphy, both

fast men. Belair is rated as one of the fastest forwards playing the same today and his record is one that has attracted much attention in New England. Belair has played several times against the Original Celtics and the Brook-Whirlwinds and each time acquitted himself with honor. He also play-ed with a Patterson, N. J., team and with the Emeralds of Williamntic and

with a Hartford team.
His partner Jim Murphy is practically a newcomer to the game but last season showed good promise of becoming a fast floor worker and with more experience will be one of the best forwards in the city. Denny Murphy needs no introduc-

tion to the basketball lovers in this section of the state as he has played with the Crescents and Emeralds for everal years. Denny is in the pink of condition having recently returned from the Pacific Coast league where the was one of the leading catchers in the league. Denny plays basketball with equal efficiency that he per-forms in back of the bat. Jack Murphy who is the other guard

is a fast man and has played with the Crescents for several years, His play has been of brilliant calibre and it is expected that he will continue in

form this season.

The Crescents will open their 1922 23 season tonight at Westerly when they line up against the 349th com-pany of that city. Westerly has a strong team but the local five should prove to be equal to the strain and bring back their first victory of the season. The Crescents are looking for games with any teams in New Eng-land and would like to hear from Willimantic, Hartford, New Haven and former Captain Lothrop Withington
